Sermon Statistics

So far in 2021, there have been over 13,000 downloads. We continue to be encouraged by increased site traffic and sermon downloads when we feature a sermon on the Reformed Witness Hour Sermon Audio website.

On average, over the past year, we have seen about 520 more overall downloads each month that we have a featured sermon on the Sermon Audio Home Page.

Each featured sermon averages about 350 downloads which tells us that in addition to a large amount of people hearing this message, listeners are engaging further with our website and listening to additional messages. We are excited about this tool to help us spread the Good News. Please consider donating to RWH to support programs such as this.

Favorite Message

The favorite message so far from 2021 is *Certainty in Prayer* by Rev Kleyn. *Certainty in Prayer* is the last message in a series on prayer by Rev. Kleyn from 2010.

Does God hear our prayers? That is the question that Jesus answers in the conclusion of the Lord's Prayer recorded in Matthew 6:13, in these words: "For thine is the kingdom, and the power, and the glory, for ever. Amen." These words tell us that God does answer our prayers and that we can have certainty and confidence as we bring our prayers to God. That is a great encouragement for us in prayer.

We need this encouragement. In prayer, doubt is common place. The believer makes his requests and then he either doubts whether he will receive what he has asked, or he doubts whether God is actually able to give him what he asks. If you examine your prayers, you will see this. You are in temptation, and you pray. And then you think, "Well, that's not really going to help." You confess your sins and you pray for forgiveness, and then you are plagued with doubt: "Am I really forgiven?" You pray for your daily bread, but at the same time you are torn with anxiety about your earthly needs.
